of small communities, the problems of scheduling and those kinds of things if there was a deregulation by say the FCC or by the administration. That was basically it.

SENATOR HEFNER: Okay, thank you, Senator Newell. I still favor the resolution because I believe that deregulation is a very large issue and this way we would be able to get input into our Congressional delegation. I support the resolution.

SPEAKER MARVEL: Motion is on the adoption of the resolution. All those in favor vote aye, those opposed vote no. We are voting on LR 22. Have you all voted? Record.

CLERK: 27 ayes, 0 nays on the adoption of the resolution.

SPEAKER MARVEL: Motion is carried, the resolution is adopted. Going on down the list we will pass over LB 329, and the next one 571 has all ready been on special order. So we are now ready for Senator Keyes and LB 534. Mr. Clerk, bring us up to date on LB 534.

CLERK: Read LB 534.

SPEAKER MARVEL: The Chair recognizes Senator Stoney.

SENATOR STONEY: Mr. Speaker, members of the legislature I might have a question of the Clerk to begin with. Mr. Clerk, should we take the Nichol amendment to the committee amendment first? Or would you prefer the committee amendment?

CLERK: If you are prepared to handle it, Senator, whatever.

SENATOR STONEY: Both.

CLERK: Okay, whatever is your pleasure.

SENATOR STONEY: All right, lets take the Nichol amendment to the committee amendments first. It is just a technical change is being made. The purpose is to make an internal change in reference. The amendments refer to Section 29-432, which is one of the specific exceptions to the citation system contained in Section 29-427. This section contains four other such exceptions and reference should have been made to 29-047 rather than 29-432 in the committee amendments. This internal reference change should be made to eliminate any confusion which may arise as to which sections would apply.
